MICHAEL'S PROMISE

Research shows that people who can identify their purpose in life live longer, have better mental and physical health, and are more engaged with their peers and colleagues.

Michael helps people
STAY ALIVE ALL THEIR LIVES!

“

I've learned that most people only need a little encouragement to just keep going and yet many never receive even that.

I've dedicated my life to be that encouragement for people through my books, speaking, and how I show up in my everyday interactions.

Every individual has something to offer to the world; a unique story, perspective, skill, talent, or ability and yet most people keep that brilliance buried inside of them...

My mission is to bring those buried dreams and ideas out of people and reconnect them to their purpose.
